Sacramento Region business owners gain a new outsourced HR solution with opening of consultancy firm, HR Done Right.

Small business centric Region now has an hourly HR option, complimentary 60-minute consultations.

Sacramento, CA - January 28, 2016 – Award winning local employee benefits brokerage, Benefits Done Right, launches “sister company”, HR Done Right, this month to provide comprehensive human resource services.

“Small businesses dominate in the four-county Sacramento region. Nearly **98 percent** are considered small businesses, and a further 75 percent are considered microbusinesses.” (Sacramento Business Journal)

Outsourcing human resource (HR) services provides small businesses with the benefits of an in-house HR professional without the overhead costs of a full-time employee. These services are increasingly popular and will now be available from an additional firm in the Sacramento region – HR Done Right.

In an ever-changing compliance heavy environment (think Family and Medical Leave Act, Americans with Disabilities Act and the Affordable Care Act), partnering with an HR firm to do the HR “heavy lifting” allows employers to focus on their core business goals.

HR Done Right will **uniquely provide complimentary 60-minute consultations** and a variety of pricing structures, **including an hourly fee option**, which will likely appeal to many small businesses in the Region.

Business leaders are invited to HR Done Right’s free educational launch event, *Three Things Employers and HR Leaders Need to Know in the New Year*, on February 17 at 4:30 pm in Sacramento. Leading employment attorneys from Ellis Buhler Makus will discuss social media privacy, the Equal Pay Act and new considerations for working with contractors. Space is limited. RSVP to 888-805-5421.

About HR Done Right: HR Done Right (HRDR) is a woman-owned Human Resources consultancy located in Sacramento, California. HRDR helps employers protect their business while taking care of their greatest assets, their people. Services include: on-site, outsourced HR, capacity building for existing HR teams, HR assessments, special projects and legal counsel. For more information, visit www.hrdoneright.com.
